APyro

How to Access APyro

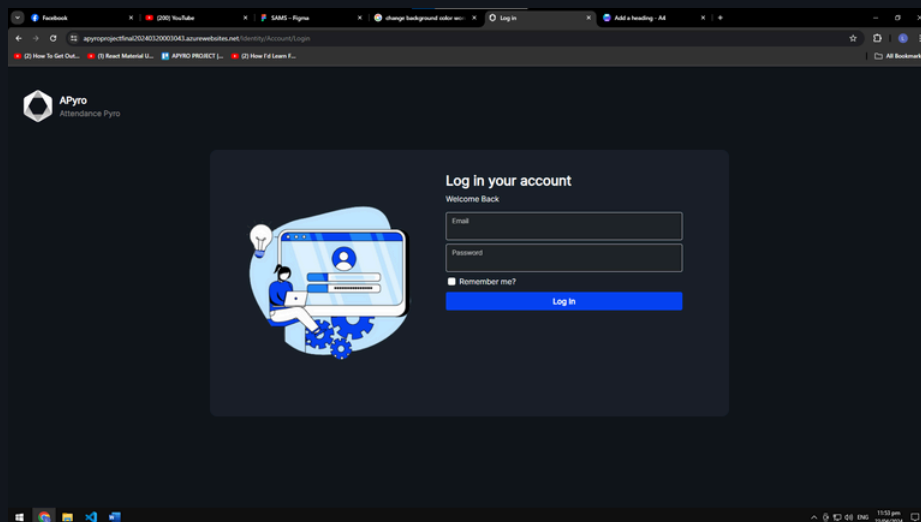

You can access apyro with the link:

<https://apyroprojectfinal20240320003043.azurewebsites.net/MainPage/MainHomePage>

Getting Started

Welcome to aPyro, your school's attendance management system! Log in with the credentials sent to your email via the provided URL. Manage attendance, track progress, and stay updated effortlessly. Change your temporary password for added security.

Notification

When you click on the notification on the upper right of the page, you will see a message depending on your performance in attendance.

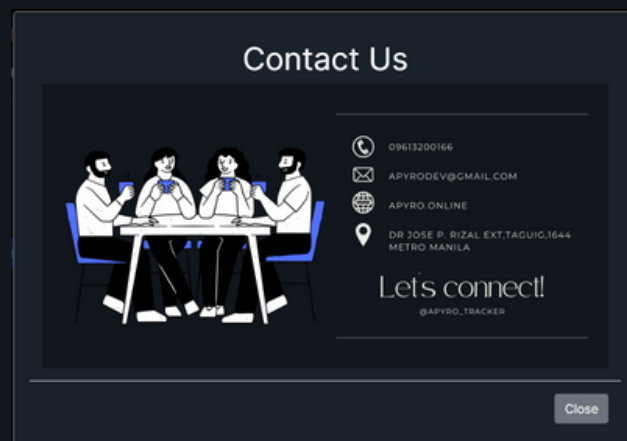

Need help?

When you click on the notification on the upper right of the page.

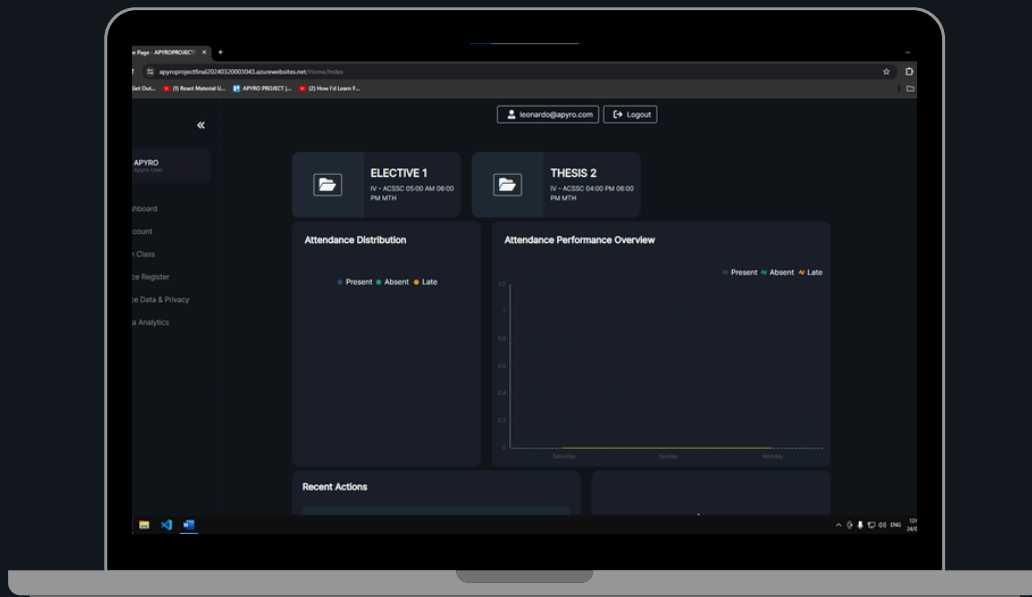

You will see a pop up containing the contact information of apyro.

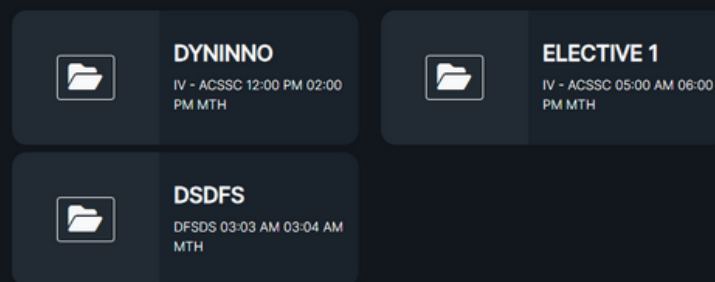

Dashboard

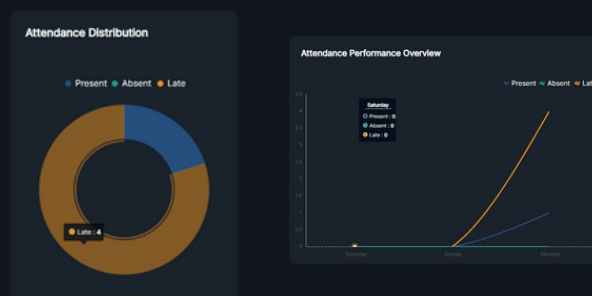

Upon logging in, you'll be directed to the Student Dashboard showcasing your enrolled classrooms and analytics at the bottom for a comprehensive overview.

This is an example list of subjects that you will see in your dashboard.

You will see charts reflecting your attendance performance.

Classroom

Clicking on a classroom will take you inside, where your professor can mark your attendance. You'll also find a list of your classmates and your professor's details. Additionally, you'll see the class start and end times.

ELECTIVE 1

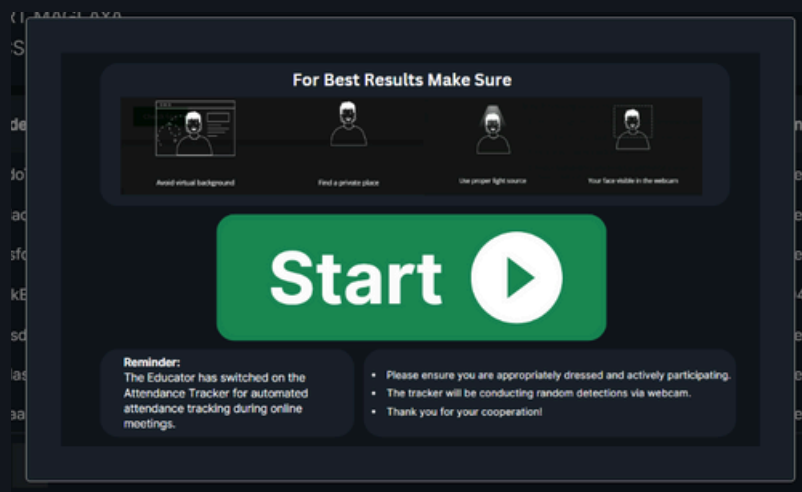

GILBERT MAGLAYA

IV - ACSSC 05:00 AM 06:00 PM MTH

Student	Student ID	Attendance Start	Attendance End	Attendance Time	Status
PatrickEtesam	k1828188	12:00	14:00	25-04-2024 12:37 PM	Late
« < 1 > »					1 of 1 pages (1 item)

You will see the status of your attendance indicating whether you are late, present, or absent in that subject.

Once your professor enables the tracker, a pop-up will appear, indicating that the tracker is active. Clicking "start" will activate the tracker, updating your attendance as it detects your presence in front of the camera.

Account

Clicking on the "Account" link will redirect you to a page where you can see the image displayed below. Here, you'll have the option to update your credentials, including your password.

You can manage your email here.

The screenshot shows the 'Manage Email' section of an account settings page. On the left is a sidebar with links: Profile, Email (highlighted in blue), Password, Two-factor authentication, and Personal data. The main content area is titled 'Manage Email' and displays the current email address 'ckurt5316@gmail.com' in a light blue box. Below this is a link 'Send verification email' and another box showing the email address 'ckurt5316@gmail.com' with a blue 'Change email' button underneath.

You can change your password here

Manage your account Change your account settings

The screenshot shows the 'Change password' section. The sidebar on the left has 'Password' highlighted in blue. The main content area is titled 'Change password' and features three empty white input fields for the current password, new password, and confirmation password. A blue 'Update password' button is at the bottom.

You can setup and reset authenticator app here.

The screenshot shows the 'Two-factor authentication (2FA) Authenticator app' section. The sidebar on the left has 'Two-factor authentication' highlighted in blue. The main content area is titled 'Two-factor authentication (2FA) Authenticator app' and contains two blue buttons: 'Set up authenticator app' and 'Reset authenticator app'.

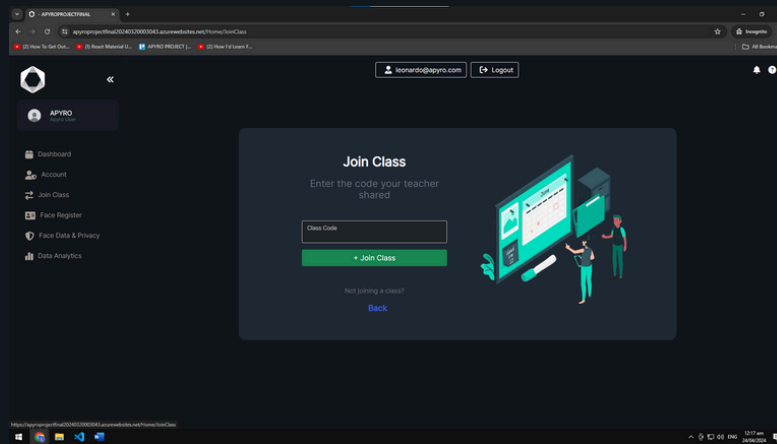

You download your personal data here.

The screenshot shows the 'Personal Data' section. The sidebar on the left has 'Personal data' highlighted in blue. The main content area is titled 'Personal Data' and includes a paragraph: 'Your account contains personal data that you have given us. This page allows you to download or delete that data.' Below this is a warning: 'Deleting this data will permanently remove your account, and this cannot be recovered.' At the bottom are two buttons: a blue 'Download' button and a red 'Delete' button.

If you click the delete button your account will be deleted.

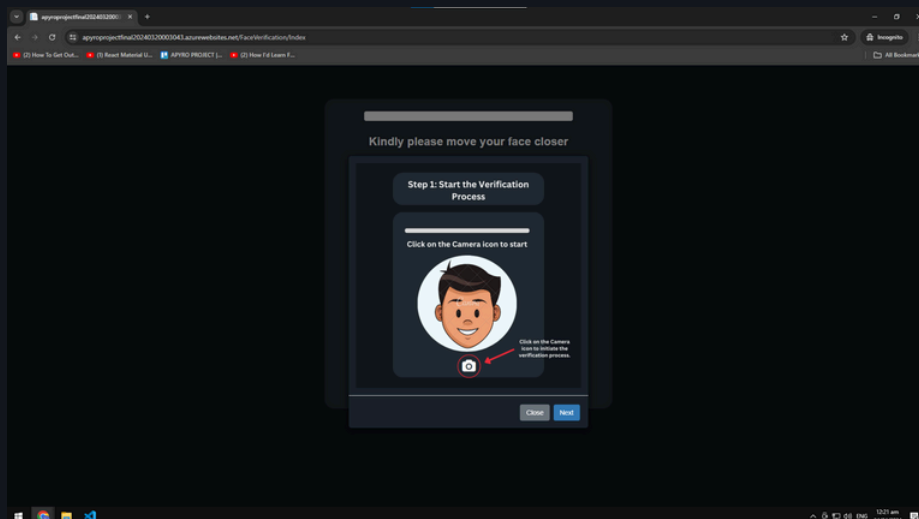

[Join Class](#)

Selecting "join class" will lead you to a page similar to the one displayed below. Here, you can enter the code provided by your educator to join the class.

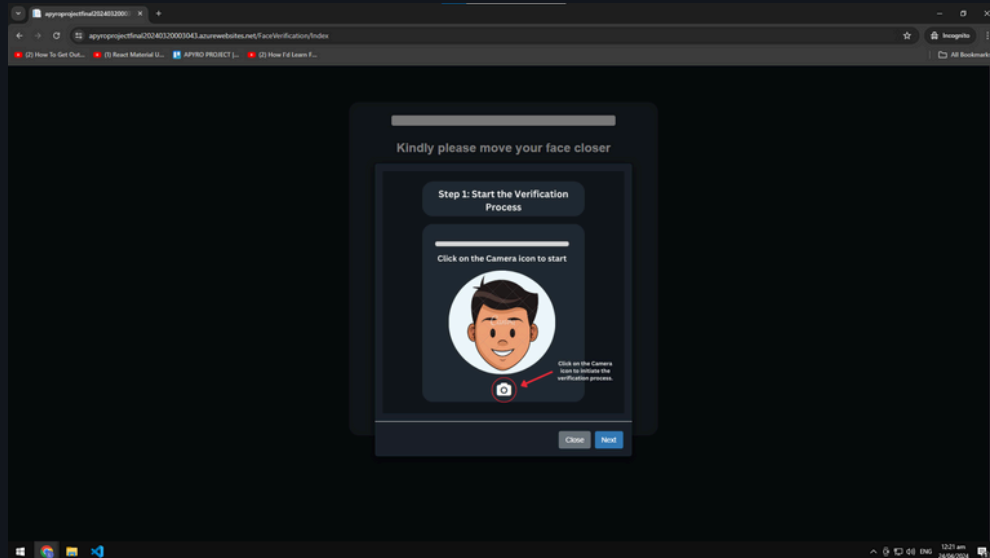

Face Register

When you click "face register," you'll be taken to the page depicted below. Here, you can register your face with aPyro for attendance purposes.

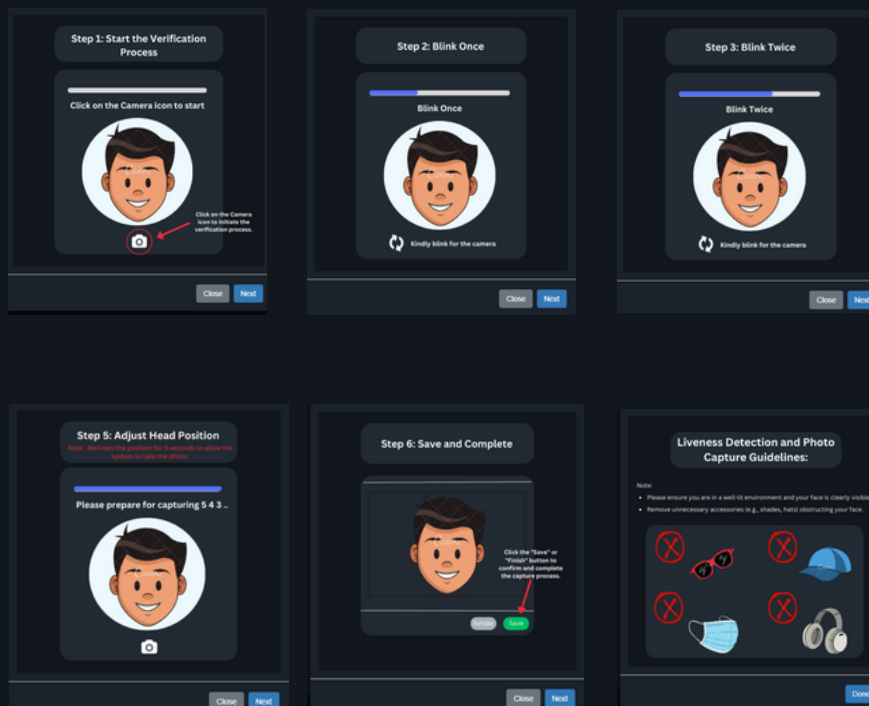

Face Register

When you click "face register," you'll be taken to the page depicted below. Here, you can register your face with aPyro for attendance purposes.

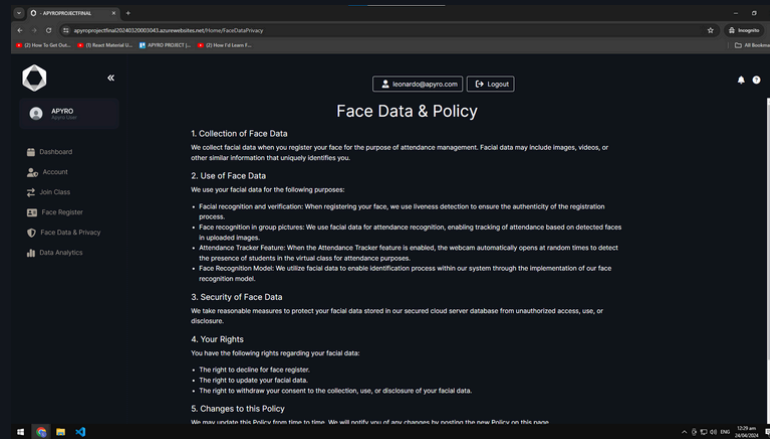

You'll receive detailed instructions on how to register your face with aPyro. Simply click the camera button, blink three times, and wait for the countdown before saving the photo. For best results, remove any accessories on your face to ensure accurate capture. You can also retake the photo if needed.

Face Data & Privacy

When you click the "Face Data and Privacy" button, you will be redirected to the page shown below. Here, you can read about how APyro processes your face data, stores it, and which features it is used in.
